

MESA LIFE PROJECT APPLICATION & ALIGNMENT QUESTIONNAIRE

Mesa Life Vision

A community learning to live deeply connected to the Land and the cycles of life.

The land of the Mesa Life project and it's community offer unique opportunities for personal healing, growth and learning. Join us for workshops, retreats, events and a chance to experience a community committed to living the cycles of life, from Spring through Winter.

We are pleased and excited to learn of your interest in the Mesa Life Project. While there can be a wide range of personal elements that make for a good fit with the MLP, we believe that the key aspect is simply the depth or quality of alignment with the vision. This discernment is a process that we hope serves you as much as it does us.

Because the membership process is, at this point, itself being re-imagined and reorganized, we invite you to approach the questions below simply as guidelines. We don't want you to systematically complete answers to all the questions. Instead, we would love to hear what you want to say. What moves you to engage with this project?

What would you like to express? What would you like us to know? Share from your heart what MLP ignites in you.

You will naturally have questions as well so please feel free to express those too.

The next step after this preliminary one is arranging for the opportunity to share some time around the fire with you in deeper conversation.

Thank you for participating with us in this collaborative learning as together we move to fulfill the potential for authentic community. We appreciate your interest and look forward to getting to know you better through this process.

Warmly,
Members of the Mesa Life Project
